Task

Task	Assignee	Status
Product Risk Management Policy	Assignee	Open

Purpose

The purpose of this policy is to provide a framework for the management of product risk. This policy is intended to ensure that the company is able to identify, assess, and manage product risk in a consistent and effective manner.

Responsibilities

The responsibilities of the Product Risk Management Policy are as follows:

- Identify and assess product risk.
- Develop and implement a risk management plan.
- Monitor and report on product risk.

Scope

This policy applies to all products and services developed by the company. It is intended to provide a framework for the management of product risk across the entire organization.
