JIRA

	JIRA
2.2.0	6.0 - 6.0.8
2.1.1	5.0 - 5.1.7
2.1.0	5.0 - 5.1.2
2.0.1	5.0 - 5.0.7
1.0.9	4.0.1 - 4.4.5

The screenshot shows the JIRA Project Creator interface. On the left, there is a sidebar with 'Issue Details' and 'Available Workflow Actions'. The 'Issue Details' section includes fields for Key (JIRA-1234), Type (Project Creator), Status (Open), Priority (High), Assignee (admin), Reporter (admin), Votes (0), and Watchers (0). The 'Available Workflow Actions' section includes 'Create New Project', 'Start Progress', 'Resolve Issue', 'Close Issue', and 'Assign this issue'. The main content area shows the 'Project Creator' form with fields for Component (None), Affects Versions (None), and Fix Versions (None). There is a 'Time Tracking' section with a 'Not Specified' value. Below the form, there are tabs for 'All', 'Comments', 'Work Log', 'Change History', and 'Activity Stream'. A comment is visible in the 'Comments' tab, stating 'The project [PROJECT] has been successfully created'. A red arrow points from the 'Comment added' message to the comment text.

The screenshot shows the JIRA CustomFields Administration: Multi_User_Picker interface. It features two lists of users: 'Jira developers' and 'Jira administrators'. The 'Jira developers' list is on the left, and the 'Jira administrators' list is on the right. There are 'Remove' and 'Add' buttons for each list. An 'Update Configuration' button is located at the bottom.

This screenshot is identical to the previous one, showing the JIRA CustomFields Administration: Multi_User_Picker interface with the 'Jira developers' and 'Jira administrators' lists and the 'Update Configuration' button.

You can find more useful custom field types from the [JIRA Extensions](#) space

The screenshot shows the 'Field Type' dropdown menu for the 'Users' table. The 'Select Users from Group' option is highlighted with a yellow box. Red arrows point to this option from the 'Group Multi User Select List' and 'Group Single User Select List' options.

The screenshot shows the 'New Bug' form in JIRA. Annotations include:

- A red arrow pointing to the 'Summary' field with the text 'New Transition'.
- A red arrow pointing to the 'Summary' field with the text 'Original Estimate'.
- A red arrow pointing to the 'Summary' field with the text 'Time Spent'.
- A red arrow pointing to the 'Summary' field with the text 'New Issue Created and Linked'.
- A red arrow pointing to the 'Summary' field with the text 'Issue Link'.
- A red arrow pointing to the 'Summary' field with the text 'Related'.
- A red arrow pointing to the 'Summary' field with the text 'This is my first bug'.

Add required parameters to the Function.

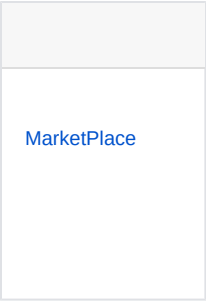

The screenshot shows the 'New Project' dialog in NetBeans 7.0. The 'Project Name' field contains 'NewProject'. The 'Location' field is empty. The 'Create Project' button is highlighted. Below the location field, there are two sections: 'Business Users' and 'Developer', each with a dropdown menu. The 'Business Users' dropdown is open, showing options: 'None', 'admin', 'test1', 'test2', and 'test3'. The 'Developer' dropdown is also open, showing options: 'None', 'admin', 'test1', 'test2', and 'test3'. Below these sections is a 'Comment' field. At the bottom of the dialog, a message states: 'The maximum file upload size is 10.00 MiB. Please zip files larger than this.'
