Draw on the power of Atlassian with Gliffy

- ✓ Create professional looking flowcharts, wireframes, UML, CRD, BPMN and more
- ✓ Use Templates, symbol libraries, and import images for fast diagram creation
- ✓ Intuitive interface makes it easy to learn

SWOT Analysis

The screenshot shows a music store website with a search bar, artist name input, and album selection. The search bar is labeled 'music store' and has a 'SEARCH' button. The artist name input is labeled 'ARTIST NAME' and has a 'GO' button. The album selection is labeled 'Choose an Album:' and has a dropdown menu. The website also features a 'Related Artists' section and a 'Popular Tracks' section. The 'ARTIST NAME' input field is highlighted with a red box and a red circle, indicating it is the focus of the analysis.

1. For CD release, music search only
2. Related artists determined by user purchasing data mining
3. Album art to be approved by legal
